

She would encourage you to please give our local businesses your support. They have been so supportive of our lake community; we want them to stay in business – we need them! Jane is a member of the West Lakes Association and served as a Lake Director for 10 years; she is back on the Board again, as a Lake Director. Someone told her that meant she has come full circle...and we know how important it is to go full circle, especially when circling counter clockwise on Waldron Lake from 10:00am – 5:00pm.

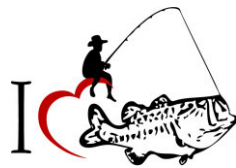

SUMMER on the lake

BBQ's

Swimming

fishing

campfires

Kayak ing

paddleboard ing

Fun at the Sandbar

Living the Lake Life is a Great Life

Stargazers and backyard astronomers have lots to look forward to for the month of August - the beautiful sight of two supermoons and a blue moon. This year, August has two full moons and both are considered supermoons. The first full moon, also referred to as the Sturgeon Moon, will take place on Tuesday, Aug. 1. On Wednesday, Aug. 30 a blue moon will appear. A blue moon occurs when two full moons take place in the same month. This blue supermoon is the closest full moon to the Earth of this year.
